

RESEARCH IDEA (max two A4 pages i.e. about 900 words)

Please follow the instructions below:

1. **Topic Selection** –Describe why your research topic is important and how does it relate to one of the R&D themes of EBS (see [here](#)).
2. **Research idea** – Narrow down the topic by stating the research aim(s), question(s), and working hypothesis (Classical Track) or research problem to be solved (Applied Track)
3. **PhD Track** - please explain what is your motivation to apply for the Classical track (basic research) or Applied track (applied research or experimental development to come up with an innovative solution based on R&D).
